POSTERS

Medium posters are NOT available with hems.

Voice Level Graphic Options for RULE posters and Voice Level Posters:

- Hand signals by your mascot
- Hand signal by human hand
- Children demonstrating
- Numeric value only
- None

Miscellaneous Info for ALL Posters:

Grommets (FREE) are for Vinyl. May be ordered with or without hems.

Hems (FREE) provide extra strength, are for outdoors (vinyl) where wind can be an issue, and large banners where weight can be an issue. Hems are **NOT** available on medium sized posters.

Poster Board: Poster board is light weight, easy to hang and will lay flat against the wall. It is not laminated, so it is not recommended to hang in areas where moisture is an issue. As with most paper products poster board can bend and tear.

Vinyl: Vinyl is the same material we use to print large outdoor banners. This is a very resilient material that is light weight, water and UV resistant, and virtually tear proof. When initially hung, vinyl will want to curl a bit and may require addition tacking around the edges to help it lay flat, but tends to relax over time.

Optional Materials: mesh vinyl, aluminium sandwich board, corrugated plastic ... and more!

*Hanging hardware not included.
