POSTERS

***Standard sized posters are not available with hems.**

Voice level graphic options for rule and voice level posters:

- Hand signals by your mascot
- Hand signal by human hand
- Children demonstrating
- Numeric value only
- None

****Material Upgrade**

*****Special Material Request**

Don't see the material you are looking for or have a special need? Select "Other" in the materials list and let us know.

Miscellaneous Info for ALL Posters:

Download our **Materials Guide** for more detailed information.

Grommets (FREE) are for Vinyl. May be ordered with or without hems.

Hems (FREE) provide extra strength, are for outdoors (vinyl) where wind can be an issue, and large banners where weight can be an issue. Hems are **NOT** available on medium sized posters.

Poster Board: Poster board is light weight, easy to hang and will lay flat against the wall. It is not laminated, so it is not recommended to hang in areas where moisture is an issue. As with most paper products poster board can bend and tear.

Vinyl: Vinyl is the same material we use to print large outdoor banners. This is a very resilient material that is light weight, water and UV resistant, and virtually tear proof. When initially hung, vinyl will want to curl a bit and may require addition tacking around the edges to help it lay flat, but tends to relax over time.

*Hanging hardware not included.

Miscellaneous Info for ALL Banners:

Download our [Materials Guide](#) for more detailed information.

Regular Vinyl is for outdoor and indoor applications. It is the industry standard.

Mesh Vinyl is for outdoor applications where wind is a concern. The small holes allow wind to flow through, reducing stress and extending life.

Grommets and **hems** are standard on all banners, at no extra charge.

*Hanging hardware not included.
