Product change notice: Due to supply shortages caused by Covid 19, A-frame signs will now feature the message adhered directly to the frame, instead of having it printed on separate inserts. This is the same basic sign, by the same manufacturer, same size, with a minor modification.

Important note about Dry Erase A-Frame Signs:

All dry erase boards stain and can be difficult to get completely clean. We recommend using only cleaners made by the marker's manufacturer. NEVER use anything with abrasives in it to clean a white board. This includes Mr. Clean Magic Erasers, Comet, and toothpaste. The abrasives create micro-scratches that capture particles of dry erase ink, and create permanent stains. Be aware of the effect that hot sunlight has. Heat softens the dry erase laminate surface allowing the marker to penetrate and bond more securely. It is recommended to do your writing and erasing inside, in cooler (air conditioned) temperatures. When bringing it in, from hot outdoors, allow it to cool off before erasing and/or writing on it.

Ceiling Signs are 46" x 18" printed on corrugated plastic with grommets in the top corners.

Opposing sides are printed in reverse order so people walking down the hall will read ROAR correctly from either direction.
